Un mondo di idee per l'arredo casa.

Teykos by Colori in Casa è un'azienda specializzata nel settore della decorazione parete e delle pavimentazioni. Ad un mercato in continua evoluzione l'azienda ha sempre risposto adeguando il proprio assortimento con proposte innovative, in grado di soddisfare esigenze specifiche ed attuali. Per fare ciò Teykos pone molta attenzione alla ricerca di prodotti dal design contemporaneo con caratteristiche innovative e performanti.

La nuova collezione di cornici e profili in duro-polimero va ad arricchire la proposta commerciale con una gamma dalle molteplici possibilità di combinazione. Boiserie, sgusci, profili LED, battiscopa e paraspigoli, pannelli per rivestimento pareti, oltre ad una serie di fregi e decori che rende la collezione in Polyforte completa e flessibile per ogni esigenza.

Di notevole interesse la serie di pavimenti e rivestimenti per esterni con la due collezioni Classic e Protect, mentre la collezione di pavimenti per interno è stata completamente trasformata essendo realizzata con il nuovo materiale SPC con polvere di pietra e materassino integrato, rivoluzionata nella sua interezza con nuove colorazioni e decori sempre più attuali.

Teykos by Colori in Casa is a company specialized in wall decoration and flooring sector. The company has always responded to a constantly evolving market by adapting its assortment with innovative proposals, capable of satisfying specific and current needs. To do this, Teykos pays more attention at searching contemporary design products with innovative and performing characteristics.

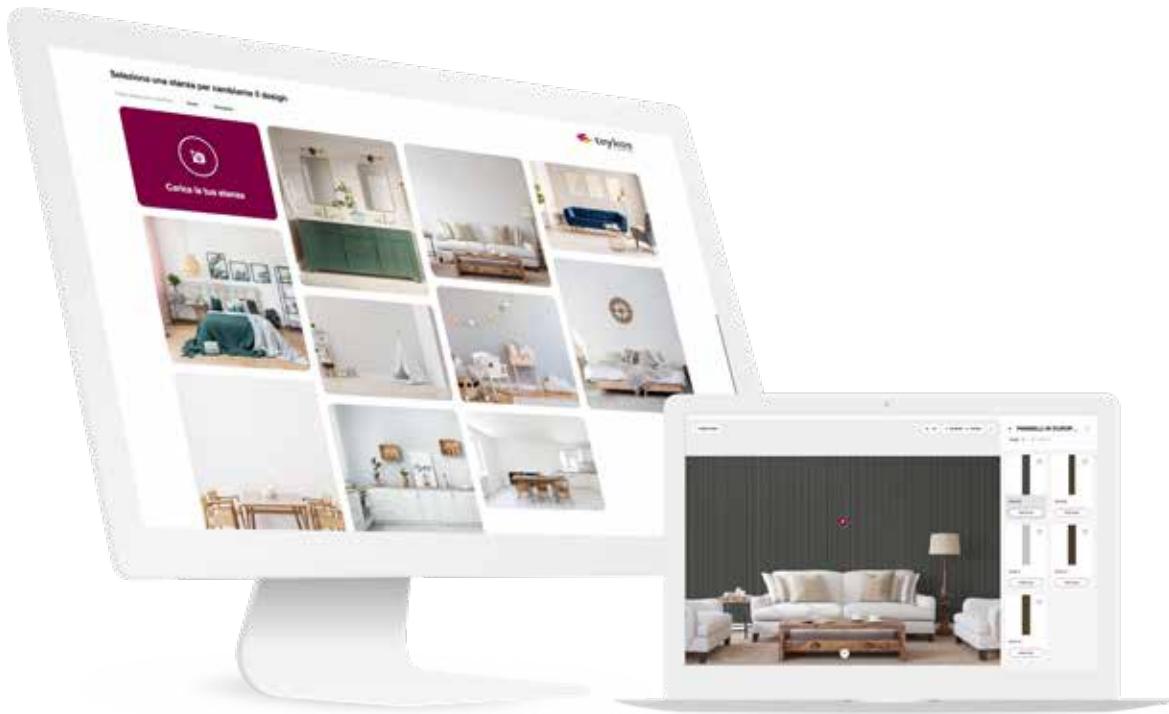

The new collection of hard-polymer frames and profiles enriches the commercial proposal with a range with multiple combination possibilities. Boiseries, coves, LED profiles, skirting boards and corner guards, wall covering panels, as well as a series of friezes and decorations that make the Polyforte collection complete and flexible for every need.

The collection of outdoor floors and walls with the two lines Classic and Protect is very interesting ,in the main time the collection of indoor floors has been completely transformed, we are chosen a line made up of a new material SPC with stone powder and integrated mattress, which revolutionizes the range entirely introducing new colors and more and more current decorations.

Web App

NUOVE SOLUZIONI DIGITALI AVANZATE

Teykos Colori in Casa ha realizzato un'interfaccia di programmazione innovativo, per dare la possibilità ai clienti di personalizzare i propri ambienti, con facilità e velocità. Prima di ordinare una pavimentazione o un rivestimento, si avrà la possibilità di testare direttamente sulla foto scattata al proprio spazio domestico, i vari prodotti messi a disposizione dall'App presente sul sito nostro sito web.

FACILE ED INTUITIVO IN TRE MOSSE

- 1 - Scattare la foto del proprio ambiente.
- 2 - Andare su www.teykos.it e caricare la foto scattata con il cellulare nella sezione APP.
- 3 - Personalizzare il proprio ambiente con i rivestimenti a disposizione sull'applicazione e scegliere i prodotti che si abbinano meglio al proprio ambiente.

I prodotti presenti sull'APP saranno implementati nel tempo con nuove proposte e tipologie di articoli.

NEW ADVANCED DIGITAL SOLUTIONS

Teykos Colori in Casa has created an innovative programming interface, as to give customers the opportunity to customize their spaces quickly and easily. Before buying a flooring or a coating, you will have the opportunity to test the various products made available by the App directly on the photo taken to your home space

EASY AND INTUITIVE IN THREE MOVES

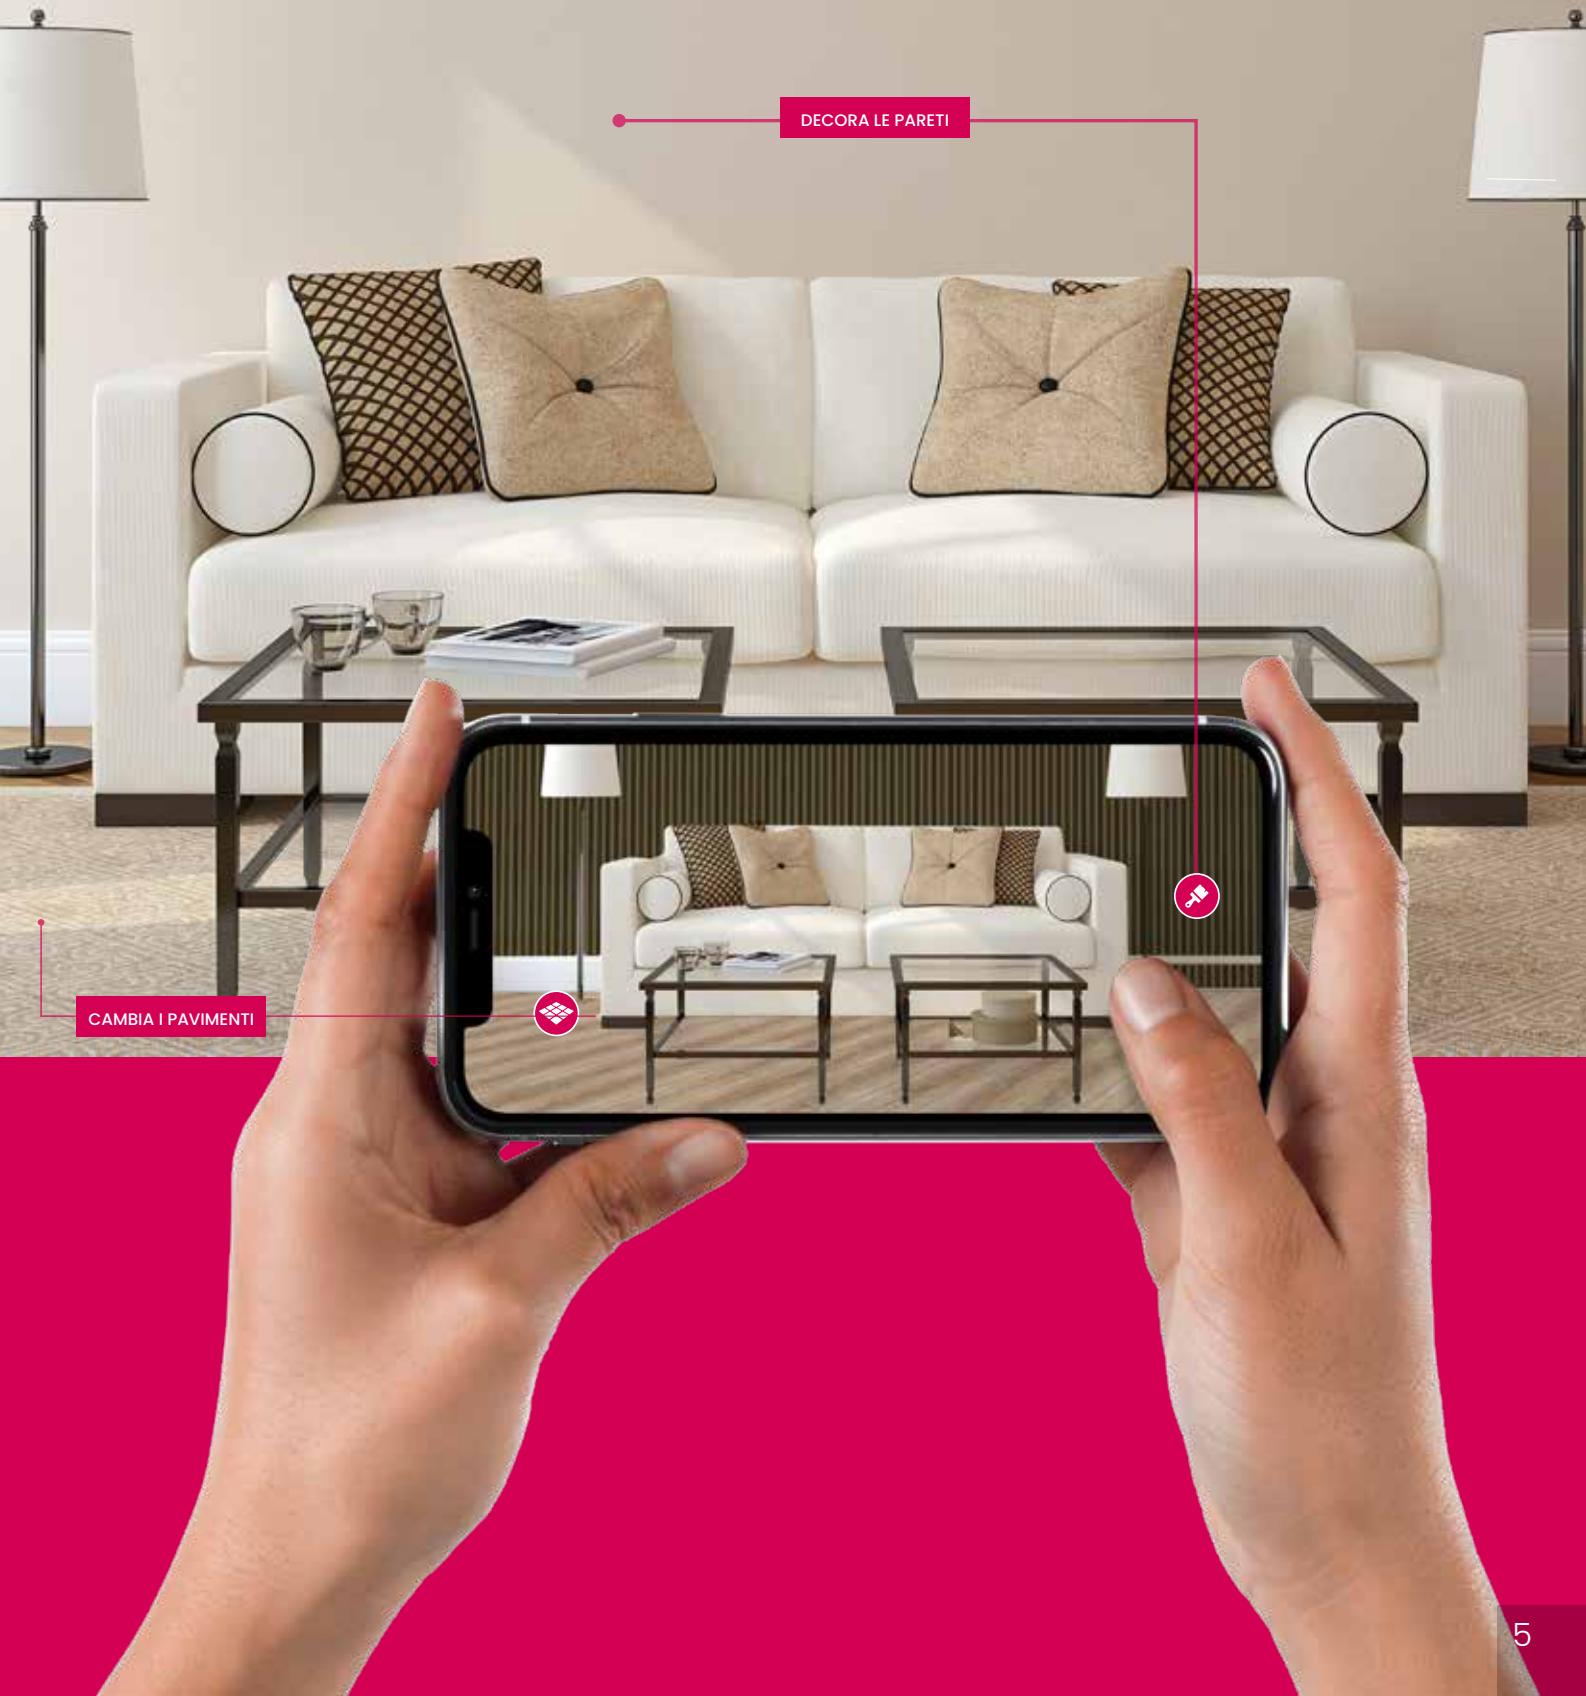

- 1 - Take a picture of your space.
- 2 - Go to www.teykos.it and upload the photo taken with your mobile phone in the APP section.
- 3 - Customize your space with the coatings available on the application and choose the products that best match your environment.

The products on the APP will be implemented over time with new proposals and types of items.

Polyforte

È un materiale innovativo ed eco-compatibile, ottenuto attraverso un processo di estrusione di polistirene con gradi diversi di durezza ed appositamente miscelato. Nasce così un prodotto ad alta densità che, con una grande facilità di lavorazione, è perfetto anche per il fai-da-te e permette di creare infinite soluzioni.

I VANTAGGI:

- Versatile, leggero e resistente agli urti.
- Non teme l'umidità e l'acqua (ideale anche per bagni e centri benessere).
- Minima reazione agli sbalzi di temperatura nell'ambiente.
- Facilità e velocità di lavorazione (taglio e preparazione di giunti angolari).
- È verniciabile e resiste alla pittura multipla.
- Minimi restringimenti lineari e trasversali.
- Dettagli perfetti, ben definiti senza sbavature.

Polyforte

It is an innovative and eco-friendly material, obtained through an extrusion process of polystyrene with different degrees of hardness and specially mixed.

This creates a high density product that, with great ease of processing, is also perfect for DIY and allows you to create infinite solutions

THE ADVANTAGES:

- *Versatile, lightweight and impact resistant.*
- *Waterproof (ideal also for bathrooms and wellness centers).*
- *Minimal reaction to temperature changes.*
- *Easy and speed of processing (cutting and preparation of joints angular).*
- *It is paintable and resistant to painting multiple.*
- *Minimum linear shrinkage and transverse.*
- *Perfect details, well defined without burrs.*

Boiserie

Nell'arredamento contemporaneo la boiserie assume un valore estetico importante e consente di dare ritmo agli spazi interni e di armonizzare l'arredamento.

I giochi grafici di linee ed ombre creati dalle composizioni conferiscono agli ambienti un grande impatto decorativo, sia nello stile classico che moderno.

La nostra collezione prevede un vasta gamma di profili realizzati in Polyforte e adatti a molti tipi di arredo.

Vengono proposte soluzioni che permettono qualsiasi tipo di personalizzazione, attraverso la fornitura di articoli già assemblati, compreso il pannello in cartongesso, pronti per essere installati, oppure pre-tagliati.

Quindi praticità e velocità di montaggio per ottenere composizioni che trasformeranno gli spazi della casa.

Boiserie

In contemporary furniture, boiserie takes on an important aesthetic value and allows you to give rhythm to the interior spaces and to harmonize the decor.

The graphic games of lines and shadows created by the compositions give to spaces a great decorative impact, both in the classic and modern style.

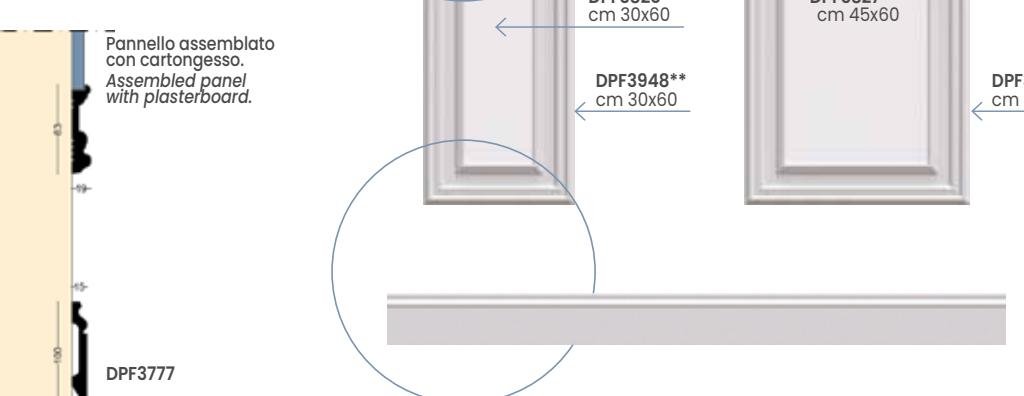

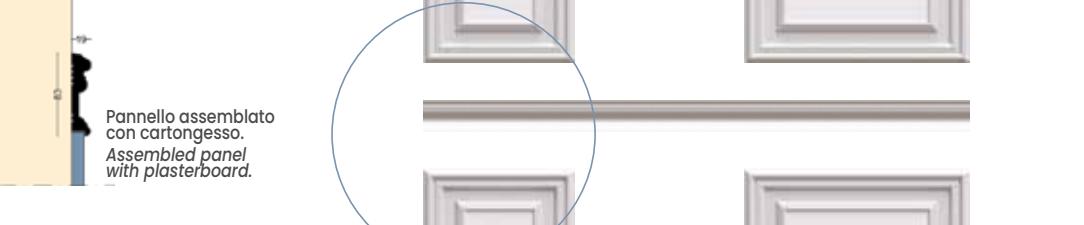

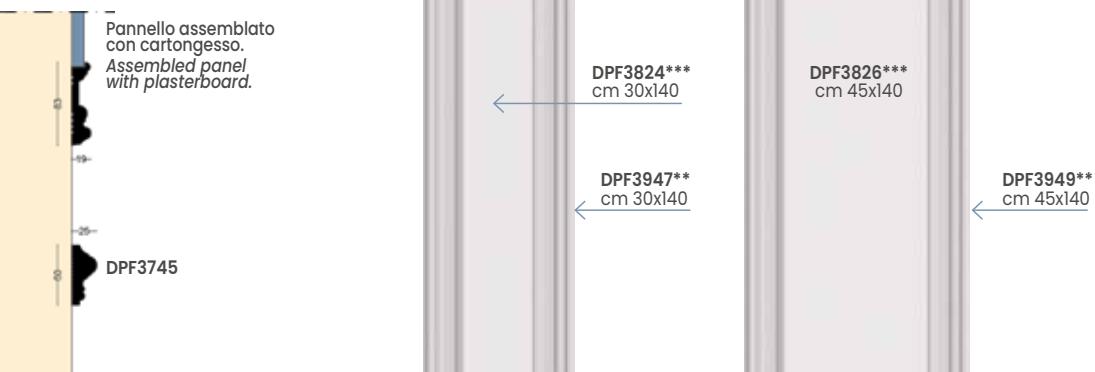

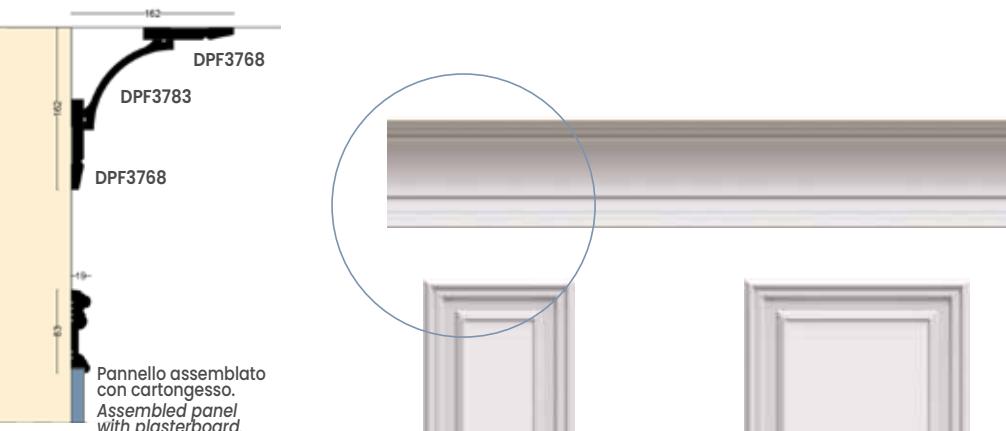

Our collection includes a wide range of profiles made up of Polyforte and suitable for many types of furniture. We propose different solutions that allow many type of customization, through the supply of items already assembled, including plasterboard, ready to be installed, or pre-cut.

That is to say easy and quickly assembly to obtain compositions that will transform the spaces of the house.
