Teykos

Teykos è un'azienda specializzata nelle decorazioni pareti e pavimentazioni per ambienti interni ed esterni.

Ad un mercato in continua evoluzione l'azienda ha sempre risposto adeguando il proprio assortimento con proposte innovative, in grado di soddisfare esigenze specifiche e attuali.

Per fare ciò Teykos pone molta attenzione alla ricerca di prodotti dal design contemporaneo con caratteristiche innovative e performanti.

Di notevole interesse la collezione di rivestimenti murali in WPC per esterni e Polyforte per interni. Quest'ultima si arricchisce dei nuovi listelli da parete Teyclip che, grazie al rivestimento in PVC, sono perfetti anche in ambienti umidi. Dotati di un sistema ad incastro possono essere installati in totale autonomia e con poche semplici mosse.

La vasta gamma di cornici e profili in duro polimero comprende boiserie, sgusci, profili porta-led, battiscopa, pannelli, fregi e decori che si adattano perfettamente ad ogni ambiente, dal classico al moderno.

La linea dei pavimenti completa l'assortimento Teykos.

I pavimenti in WPC sono ideali per gli esterni e offrono la bellezza naturale del legno con la resistenza dei materiali compositi.

La collezione da interno, con finiture ultra realistiche, è resistente ed impermeabile grazie alla combinazione di polvere di pietra e polimeri con sottopavimento integrato, che garantisce un montaggio facile e veloce.

Teykos is a company specialized in wall and flooring decorations for both indoor and outdoor environments.

In response to a constantly evolving market, the company has consistently updated its product range with innovative solutions designed to meet current and specific needs.

To achieve this, Teykos places great emphasis on sourcing products with contemporary design, featuring innovative and high-performance characteristics. Of particular interest is the collection of WPC wall coverings for outdoor use and Polyforte coverings for interiors.

The latter is now enhanced by the new Teyclip wall slats, which, thanks to their PVC coating, are also perfect for humid environments.

Equipped with an interlocking system, they can be installed independently with just a few simple steps. Teykos also offers a wide range of moldings and profiles in high-density polymer, including boiserie, cove moldings, LED-ready profiles, baseboards, panels, friezes, and decorative elements that suit any style, from classic to modern. The flooring line completes the Teykos range. WPC floors, ideal for outdoor spaces, combine the natural beauty of wood with the durability of composite materials. The indoor collection, featuring ultra-realistic finishes, is both waterproof and highly durable, thanks to a combination of stone powder and polymers with an integrated underlayment that ensures easy and quick installation.

Rivestimenti murali in Polyforte

I rivestimenti murali da interno in Polyforte, sono la risposta innovativa alla crescente domanda di soluzioni di arredo moderne, facili da installare ed originali. Sono infatti elementi di decoro utilizzabili per qualsiasi tipo di ambiente abitativo, dalla camera da letto al soggiorno, così come per la cucina o il bagno. Ideali anche per ambienti commerciali e uffici. Possono essere installati su qualsiasi tipo di superficie, sono molto resistenti, non si deformano e non si scheggiano. Hanno finiture con un effetto legno iper realistico e rappresentano uno dei principali trend dell'arredo contemporaneo.

Wall coverings in Polyforte

Interior wall coverings in Polyforte are the innovative answer to the growing demand for modern, easy to install and original furniture solutions.

They are in fact decorative elements that can be used for any type of living environment, from the bedroom to the living room, as well as for the kitchen or bathroom.

They are ideal for commercial spaces and offices.

They can be installed on any type of surface, are very Durable because they do not deform and do not chip.

Finishes with a hyper realistic wood effect are available and represent one of the main trends of contemporary furniture.
